The big pharmaceutical companies may not want you to know this: Read the research at: <http://www.Humicin.com>

Naturally derived Fulvic and Humic Acids are being shown worldwide to have positive health effects on a long list of common health threats by promoting, supporting and maintaining the immune system. Often cited as a powerful detoxifier and chelator, you will be astounded to learn about these important discoveries made by scientists and doctors all over the world.

You will also find links and information to compelling data and stories of incredible health changes. After learning all of this, most people are both happy to be informed and are concerned that this has not been made easily available. The summary of all of this information is that Humic acid is known to have great effect on our body's natural immune system and its regulation.

Previously Fulvic Acid and Humic Acid "liquid supplements" have been inconvenient, expensive and only available in lower concentrations. Humicin™ tablets are the evolution of the Humic Acid supplement development process. Breakthroughs in manufacturing and production have resulted in an optimum full-strength, convenient tablet form of this powerful health aid. Humicin™ is manufactured using a patented process resulting in these new high concentrate tablets.

Quote From www.HumicHealth.info: "Now you can benefit from four times the dietary ingredient over common liquid based product in a portable, sterile, small chewable tablet. What this means is that Humicin tablets (Rich in Selenium and Ferrous) are the smartest value and most convenient solution for your health needs."

Humicin™ TABLETS

WHY HUMIC ACID SHOULD BE A PART OF YOUR DAILY HEALTH MAINTENANCE ROUTINE

We firmly believe that Humic Acid's greatest contribution to human health will be as a PREVENTATIVE dietary supplement. Every scientific test of Humic Acid has conclusively proven that it is most effective and efficient if taken on a regular basis to maintain health and as a preventative alternative to modern, less natural remedies.

With new strains and mutations of microbes constantly popping up around the globe, our immune systems are being challenged like never before and it is important to implement health conscious routines. Daily use of Humic Acid will assist the body in manufacturing the glycoproteins that balance and regulate the various components of the immune system.

Our environment is full of many toxic and polluting stressors to the immune system. Humic Acid supports the healthy immune system's fight against these and many other stressors. Humic Acid will also supply the body with approximately seventy essential organic, plant derived, bioavailable trace-minerals that are simply not to be found in our modern diets. Studies have shown that because humic acid minerals are plant derived, they are much more available to our systems than their rock derived counterparts.

Keep in mind that today's soils are mineral depleted. Only a few of the essential minerals are added to the soil today to promote crop growth. The mineral-rich soils of the prehistoric age exist no more. The abundant, and giant life forms supported by these ancient soils exist no more. But their vitality has been concentrated and preserved in deep humic layers for millions of years, and is now available.

Everyone's heard the old adage: "An ounce of prevention is worth a pound of cure." In matters of modern health, truer words were never spoken. And with medical costs skyrocketing, and insurance premiums rising at the same pace, who wouldn't want to know that all of their vital systems are "Up and Running" at their full potential?

We recommend that you find a purified, refined, and standardized Humic Acid supplement that will give you and your family the daily protection you need in the health-challenged world we are living in. Go to our Research and Sciences page to learn how Fulvic Acid naturally gives your body the molecular tools to metabolize and properly utilize the full spectrum of nutrients available in your food. Educate yourself with the compelling independent studies and worldwide research on this extraordinary supplement, and begin maximizing your health and quality of life with Humicin™.
